### 2014 Year End Donations

Hi Friends,

**Just a quick note to remind you the year is coming to an end....**Like you didn't know that. Well, I just wanted to take a second to tell you donations which come through the website will be recorded for 2014 through December 31, midnight East Coast time. Checks which come in will be credited based upon the post date. If they are post marked by December 31 they will be recorded as 2014 donations. Since all donations are receipted during the year (either through the mail for checks sent or through the email for on-line donations) no year-end statements are automatically sent. If for some reason you need a year end statement, simply contact me at [chuck@savedbygodsgrace.org](mailto:chuck@savedbygodsgrace.org) and I will compile one and email it to you at the address the request comes from.

Your year-end donations will assist us in continuing to do what the Lord has called us to do for the children of Kenya. We have many projects which are on-going and we certainly will continue them, along with many others, with your assistance.

I have to take a moment to thank you once more for all that you do for Tammy and me in this ministry. If you don't listen to God's message of helping the poor, orphaned, and widow through your financial support, we couldn't do what God called us to do. Literally the life of many children and their caretakers hinge on what we can do through the grace of God with your contributions. In addition, there are certainly eternal consequences of what we do. By showing hope (many times to people who will never see us), people come closer to God and give Him thanks they are being "remembered". When you don't have daily bread, live without medical attention with life-threatening diseases, can't put your kids in school, and simply don't know why you exist, life doesn't seem to hold any promise for anything. But, when out of nowhere someone lifts you up in some manner by assisting when others (even in the Christian community) have left you to suffer, they see God in the midst. They know it can't be for any other reason these things happen...and they are right. We simply watch for God to bring people He has in His mind to get assistance and we become His hands and feet...with your help. God has determined these people need help and He is stepping into their lives...what an impact it makes. So, simply know you are part of people coming to understand God loves them and the ultimate love, His Son Jesus, was given for them. I tell you, there is no better thing to hear than people telling me a brother or sister will be in heaven because of how God used us...nothing better!

So, if you have the urge, please consider us when you are doing your end of year donations...we will use them as we have all year to assist people who believe they have been forgotten. They will see they certainly have not been forgotten and are being lifted up by the King of Kings.

From Tammy and me a prayer for a most blessed 2015.

Serving with you only by His grace,

Chuck

Missionary to Kenya
